# Welcome

to our brochure of holidays and short breaks on the UK waterways.

A boating holiday is the fastest way to a slower pace of life. Progress is made at an unhurried rate, with the freedom to cruise at your leisure between dawn and dusk, and moor virtually anywhere you please with waterside pubs, villages, towns, cities and historic treasures to visit. With over 200 boats at 12 start points throughout the UK, you have the choice of over 1500 miles of waterways to explore.

This brochure is designed to help you through the many options available, from the choice of where in the country you want to cruise, through the details of each start base and then to the layouts of the boats. In addition to the layout diagrams in this brochure, internal photographs of every class of boat can be viewed at [www.ukboathire.com](http://www.ukboathire.com) so you can really get a feel for the boats before you book. If you are browsing the choices 'on-line' you can also check the availability of boats and make your provisional reservation from the website. We strive to offer you the highest standards of holiday experience and safety. All the boats have been independently inspected by Visit Britain (The Tourist Board), and, as your safety is important to us, our handovers have been audited and approved by the British Marine Federation.

Staying on one of our boats compares to a holiday cottage, with the added advantage that your holiday home can take you wherever you want to go. With the simple controls, no experience is necessary and as part of our service we will show you everything you need to do with the boat and canals. We clean, check and service the boats between every cruise to ensure that they meet our rigorous standards, and are ready to welcome you when you arrive at the start of your holiday. We are confident your family or crew will never forget the fun of learning to handle a narrowboat and the shared experience of working the locks.

*We look forward to welcoming you aboard one of our boats for your next boating holiday.*

# Introduction to your boating holiday

In response to the current economic climate we are re-launching our Easy-Pay Scheme this year which allows you to spread the cost of your holiday with our easy payment plan. No upfront deposit is needed you just divide the total cost of your holiday to be paid in equal monthly payments. The earlier you book before the actual holiday date the less the monthly payments will be. See page 47 for further information.

*Edward Helps  
Managing Director*

The changes we made to the way we deal with fuel in 2009 has been successful with many hirers receiving a refund making their actual holiday costs cheaper, so we are going to continue this arrangement in 2010. We are also able to reduce the fuel deposits to £75 for a week and £40 for a short break. Fuel deposits have proved to be the fairest way to operate as this means that you only pay for the fuel you use. Some of our customers wish to cruise for longer days and therefore it is only right that they should pay to do so rather than other customers who only wish to cruise short days subsidising them.

We have a new start location for 2010, Union Wharf located in the attractive and historic town of Market Harborough allowing you to cruise the Market Harborough arm and the Leicester section of the Grand Union Canal.

I would also like to remind you to order a map or guide to really get the most out of your holiday and the areas that you can visit along the way and you will find details of these on the route pages (12-27) and back cover.

*We look forward to welcoming you aboard during 2010.*

# Green Holidays Campaign

Not only are you about to choose one of the most relaxing and rewarding holidays around, you are also choosing one of the 'greenest'. Starting the moment you board your floating home, a holiday cruising through some of the country's most breathtaking scenery, working the locks or sitting back with a glass of wine won't 'cost' the earth. In fact your holiday is estimated to be some 20\* times better for the planet than spending two hours flying for a holiday overseas.

At no cost to you, we will continue donating a percentage of our profits to "The Waterways Trust Green Fund" to offset the environmental impact of your holiday. The Waterways Trust ([www.thewaterwaystrust.org.uk/greenfund](http://www.thewaterwaystrust.org.uk/greenfund)) is a registered charity which works to promote and protect Britain's waterways. If you wish, you can further reduce the impact of your holiday on the environment by offsetting your own travel to and from the boat with a voluntary donation through us to the same fund. We suggest £5.00 per car all of which will go directly to "The Waterways Trust Green Fund" which you can indicate on the booking form.

*giftaid it*

In addition if you select Gift Aid when making your donation it will be worth even more. For every pound you give to the Waterways Trust they receive an extra 28 pence from the Inland Revenue. Simply select this on the documentation that we will send you once you have made your booking.

Following the launch of our greener holidays campaign in 2008 we are pleased to report on some of the projects which have benefited from donations from customers and ourselves to "The Waterways Trust Green Fund".

- A new section of traffic-free walking and cycling path has been constructed by Powys Council and Sustrans between Newtown, Llanllwchaearn and Aberbechan on the Montgomery Canal. The 1.5km trail, which received a grant from the Green Fund, is part of the Montgomery Canal Walking and Cycling Project and forms part of Route 81 of the National Cycle Network.

The new stretch allows people to travel more easily and safely between local communities. It also allows better access to the Montgomeryshire Wildlife Trust's Pwll Penarth wetland nature reserve by bike or on foot.

- The new Hanbury Lock Towpath will extend an existing route on the Birmingham & Worcester Canal, from Hanbury Wharf into Droitwich encouraging even more people to make use of the restored canals and visit the town.
- Funding has also contributed towards the opening of the Action Outdoors Centre, Falkirk. A brand new outdoor activity centre on the bank of the Union Canal, giving young people in the region the opportunity to get out and get active. The centre offers a wide range of activities both on the canal and in the surrounding area.

In addition to the donation that UK Boat Hire make for every holiday taken you may wish to further support the fund with a voluntary donation. Simply indicate this on your booking form.

# Your questions answered

## Arrival & Departure

We endeavour to have boats ready for collection at 3.00pm on the start day of your holiday. If for any reason you are unable to arrive on time please contact the start base (telephone numbers page 10) or the Booking Office in order that special arrangements can be made well in advance of your holiday. A late arrival charge may apply. Your boat must be returned and vacated by 9.30am on the last day.

## Tuition

No previous experience is necessary, as our boats are extremely easy to handle and full tuition is given at the start of every holiday. Comprehensive cruising information is in a manual on the boat and details are sent out with the holiday documents to introduce you to the theory of locks and the 'rules of the road'. We provide our own 24hr emergency helpline.

## Maps & Guides

A number of guides are available for planning your trip or locating sites of interest, pubs, shops and facilities along your route. The guides relevant to each route are indicated on the route information pages (12 to 27) and detailed on the back cover. These may either be ordered by post or purchased at the start of the holiday at the marina.

## Licences & Restrictions

You do not need a driving licence for a narrowboat and the boat itself is licenced by us for BW waterways. There are a few waterways outside their jurisdiction for which you will need to purchase an additional licence as you enter them, such as the Rivers Avon, Thames and Wey. Our start bases can provide details when you arrive to pick up your boat. The maximum number of people on board is restricted to the number of berths, with an absolute maximum of twelve.

## Buoyancy Aids

There are buoyancy aids available free of charge for both children and adults at the marinas (compulsory for children under the age of 18 and non-swimmers). They do not need to be booked in advance and should be requested upon arrival at the marina so the correct size can be fitted.

## Young Children

A narrowboat holiday is superb for families. Cot-sides can be provided for very small children on standard berths (see pictures on page 30). Simply indicate this on the booking form.

## Cots

If you would like to bring a travel cot please see page 30.

## Fishing

Fishing is prohibited on British rivers between 15th March and 15th June. Fishing is allowed outside these dates and on canals at any time, but an Environment Agency rod licence is required available online or from any post office, with a 1-day 8-day or annual licence to choose from. You may also need a valid permit or be prepared to purchase one from the controlling angling club or riparian owner when approached on any fishery that offers day permits. For reasons of hygiene, we regret that live bait may not be kept on the boat.

## Overseas Visitors

If this brochure has a travel agent's stamp, we recommend you make your booking via them – they will be able to help with other travel requirements in addition to the narrowboat holiday. Otherwise, you are welcome to book direct with us on +44 1905 734168. Payment is required in £'s sterling.

## Bedding

On all our boats freshly laundered bedding is provided.

## Towels

These are provided free of charge on all Alvechurch, Red Line and Wessex boats and to overseas Viking Afloat customers. If you are from the UK and hiring a boat from Viking Afloat you will need to bring your own towels.

## Groceries

One of the pleasures of a canal holiday is the option to stop off and experience the towns and villages along the way, shopping as and when you need supplies. If you are unable to bring some groceries with you or stop and shop on arrival, there are details of how to get groceries for the start of your holiday in the 'Holiday Guide' that you will receive 8 weeks prior to your holiday.

## Pets

This really is a holiday the whole family can enjoy together. We charge £25 for each pet (Normally a maximum of 2 pets per boat). We obviously request that the boat is returned in a clean and tidy condition and reserve the right to refuse pets or charge for any additional cleaning or repairs required as a result of pets being on board during your holiday. Please contact the booking office to discuss your requirements.

## Mobile Phone Charging

All of our boats have a 12-volt electricity supply with a car-type cigar lighter socket that can be used with a mobile phone in-car adapter lead (bring your own lead). On some boats there is a 240-volt electricity supply that can be used for your own equipment at your own risk. 110-volt AC supply is not available in the UK.

## Extras

There is a voluntary environmental offset donation suggested at £5 per car. See page 5. Page 44 details the items inclusive to your holiday. The only compulsory charges in addition to the brochure price are a fuel deposit, Cancellation Protection Fee (calculated at the rate of 4% of the hire charge) and non refundable Accidental Damage Waiver Fee at £45. We can also provide details of Personal Holiday Insurance for UK customers if required (strongly recommended). A 2% surcharge is applied to any payment made by credit card and £25 for each pet. Optional high level berths are £50 per week, £25 per short break each. See page 50.

## Fuel

The boat is ready fuelled for your holiday on arrival, but there is a fuel deposit payable with your holiday booking. This is £75 per week and £40 per short break as the cost of fuel is not included in the hire cost. When you return the boat to us the balance is refundable after deducting fuel used. However if you have used fuel in excess of the deposit you will be asked to pay the difference. We feel this is the fairest way possible as you only pay for what you use.

## Parking

There is ample open air parking at our bases which is provided free of charge. We regret that we cannot accept responsibility for loss or damage to hirers' vehicles.

## Look Before You Book

We welcome inspection of our boats before you book. Please phone the bases before you arrive to ensure they are open and boats are available for viewing. (details on page 10.)

# A short history lesson...

During the industrial revolution of the early 18th Century the transportation of heavy goods and raw materials by road was limited by a poor road network. Cart-horses were the only form of pulling-power and the alternative of movement of loads by river was very limited.

In 1759 the Duke of Bridgewater obtained an Act of Parliament to build the first canal from his coalmines at Worsley to Manchester. James Brindley was employed to build the canal and construction was carried out by gangs of men known as navigators, or "navvies". Built using just hand tools, the canal tunnelled right into the mines and coal was loaded directly onto the horse-drawn boats. Once it opened it became the wonder of the age - and halved the price of coal in Manchester.

Over the next 30 years numerous canals were built, reaching a peak in 1793 when 20 new canals were authorised by Parliament and boats were also built to transport passengers. However, the

introduction of the railways brought an end to the commercial use of the canals and, by the start of the 20th century, many canals closed. Diesel powered boats introduced in the 1930s gave some opportunity for the canals to compete with road transport. Traffic continued throughout the 1940s and 1950s, but was brought to an end as recently as the early 1960s when a severe winter caused the canals to freeze over for nearly three months.

The revival of the canals for pleasure use is largely credited to the book "Narrow Boat" by LTC Rolt, published in 1944. The decision by, amongst others, Rolt and Robert Aickman to form the Inland Waterways Association (IWA) was reputedly spawned just three miles from Alvechurch itself, at the top of the Tardebigge lock flight.

## ...and today

Today over 6,000 groups of families and friends enjoy the revitalised canal system on one of our hire boats every year. Such is the level of redevelopment that in some cities you could be forgiven for thinking that the canal was originally designed as a leisure feature, rather than the functional transport system that it once was.

Over £84 million has been spent on the canal linking Glasgow with Edinburgh, including the fantastic Falkirk Wheel, opened in 2002. This structure has generated massive interest from both canal lovers and engineering aficionados. In contrast the Victorian Anderton Boat Lift was restored to its former glory and re-opened in 2002 giving access once again from the Trent and Mersey canal to the River Weaver below.

As more people are enjoying cruising the inland waterway network, immense investment in the canal system means that waterways routes and structures are being restored to their former working use to link parts of the country and extend cruising possibilities.

Modern narrow boating is not only one of the most relaxing and rewarding holidays around, it can also be one of the 'greenest'.

# Start locations explained - Spoilt for choice

The following pages give you a flavour of the most popular routes available but, with a few constraints, you are free to travel whichever direction you please from your chosen start base and can holiday for a weekend, a week or longer.

Guide book references for each route (P5, N2, L15, etc) refer to the listing on the back cover of the brochure which can be purchased to help with planning your holiday. As a rough calculation when planning a route, add the number of locks to the distance in miles and divide the total by 3 to give the cruising time in hours.

Take a three night weekend break starting on Friday, or a four night midweek break starting on Monday. Suggested routes and timings are approximate and will be affected by available cruising hours, weather conditions and amount of traffic on the waterway. More detailed advice will be given when the boat is collected. When planning any river cruising within your route, do bear in mind that in some weather conditions river navigation may be restricted, so it is worth having an alternative plan.

Cruising the ring will take approximately 20 hours so a short break is possible, but will require long days cruising. The Droitwich Canal is an amalgamation of the Droitwich Barge Canal and the Droitwich Junction Canal both built to carry salt from Droitwich Spa but were abandoned in 1939.

If this is your first time out or if you are just looking for a relaxing and easy time away from it all, this trip is ideal. Leaving Gailey, you head south down the Staffordshire and Worcestershire Canal to Autherley Junction, where you join the start of the Shropshire Union Canal (Shroppie). You soon get to appreciate the contrast between the earlier 'contour' canal that you have just left and the gem that is the 'Shroppie'. Your journey northwards towards the Cheshire Plains through the rural Shropshire countryside, takes in impressively deep cuttings, dramatic embankments and splendid architecture. Market Drayton, Audlem and Nantwich are all delightful places to visit along the way, either on the way out or on the return leg of your journey. Finally though, you need to turn around and head back to Gailey, retracing your steps and enjoying the new perspective that cruising in this direction brings.

## Stourport & return

P1 N2 L16

> Gailey	☾ 7	☀ 6	📖 58
----------	-----	-----	------

This is a comfortable one week cruise to Stourport and back, along what is almost certainly one of England's prettiest waterways. Throughout its length, this historic canal follows the local land contours as it winds its way south towards its junction with the River Severn at the unique inland port of Stourport. Along the way you pass the entrance to the Shropshire Union Canal, which heads northwards through Shropshire towards the Cheshire Plains. As you continue south you soon reach Bratch Locks, which is a distinctive and unusual flight of three locks, together with an octagonal toll office. From here the canal adopts an even more rural aspect: secluded woodlands with rocky cliffs of red sandstone, give way to an area of quiet water meadows as you approach the outskirts of the carpet-manufacturing town of Kidderminster. Kidderminster also hosts the southern terminus of the Severn Valley Steam Railway, which is well worth a half-day trip. Finally, you reach Stourport with its intriguing combination of engineering features and fine period buildings.

The Llangollen Canal is arguably the most beautiful canal on the whole system and combines the gentle countryside of Shropshire and the more dramatic landscape of the Welsh border. It boasts one of the most striking features on the UK canals – the Pontcysyllte Aqueduct which can be reached from both Whitchurch and Wrenbury in a week or 4 night mid week break from Whitchurch (you will not be able to cross over the aqueduct in a 3 night weekend break).

## Monmouthshire & Brecon Canal

P3 N4 L24

Goytre 7 7.5 12

The canal meanders its way through the Brecon Beacons National Park for 36 miles with remarkable diversity of scenery and countryside often following the magnificent River Usk.

This canal is considerably quieter than others, as it is isolated from the main canal network. It is arguably one of the most picturesque canals as it offers glorious views of the Brecon Beacons along the way. The canal clings to the mountainside and brings about its uniquely shallow levels.

Goytre Wharf itself, the name meaning 'place in the woods', was once used to supply coal to the nearby estate. Lime kilns remain as well as an aqueduct dating from 1812. There is a licensed restaurant at the Wharf and is a popular place for visitors.

Pontymoile at one end of the canal was once a place thriving with activity with its warehouses and neighbouring industry and is now a convenient mooring place for Pontypool Leisure Centre with its swimming pool and dry ski slope. Between here and the interesting old market town of Brecon at the other end the canal passes close to many delightful towns and villages worth visiting:

Moor at Llangattock and visit Crickhowell a wonderful Georgian town, with excellent shopping and good food. The name is from the Anglicised form of Crug Hywel, the rampart and ditch stronghold of Hywel Dda – now known as Table Mountain, which overlooks the town.

The town has a 13th century castle and a 17th century bridge (with more arches on one side than the other!)

Picturesque Talybont-on-Usk rests below the Central Brecons between the Usk and the Canal. Nearby Talybont Reservoir offers bird watching, trout fishing and easy walks to the waterfalls at Blaen y Glyn.

Brecon is a charming old market town and one of the most historic settlements in Wales. Brecon is a popular holiday destination, affording some of the best views of the Brecon Beacons themselves and Pen y Fan – the highest point in Southern Britain at 886m.

There is something for everyone as Brecon is home to a cathedral, theatre, cinema, castle ruins and stunning Georgian architecture. Brecon is a great place to explore the National Park with walking routes, cycle hire and ponytrekking all available.

25 hours cruising would elsewhere be considered little more than a short break, but here the route includes Bradford on Avon, Bath, Bristol and, unusually, many more towns and villages that the canal passes through the centre of. Having followed the route of the River Avon by canal, after Bath the navigation uses the River itself, reverting to canal to divert into Bristol city centre.

- Some stunning weirs accompany each river lock down to Bristol.
- Museums and waterside features reflect the city's former importance as a sea port.
- Visitor moorings are available right in the centre of the city in the floating harbour (mooring charges apply).
- Frequent reminders of the route's industrial history such as the brass mill at Kelston are found within rolling valley countryside.

## The Grand Ring

N1 N7 G29

> Gayton ☾ 14/21 ☀ 6-9 📖 175

This ultimate ring takes two weeks to complete, or includes plenty to see and do over a three week cruise. An extra licence is required when joining the Thames at either Oxford or London. (Please talk to your marina about this at the start of your holiday.)

> The river cruising on the Thames is superb, with all locks manned during the daytime. Visit places such as Hampton Court Palace ([www.hrp.org.uk](http://www.hrp.org.uk)), Windsor, Eton and Henley.

> Three weeks gives time to explore The Paddington Arm which goes right up to Little Venice, London Zoo ([www.zsl.org/london-zoo](http://www.zsl.org/london-zoo)) and Camden market.

### Devizes & return

P8 N7 L20 G1

> Hilperton ☾ 4 ☀ 6 📖 72

The spectacular Devizes flight consists of 29 wide beam locks, rising by 237 feet over just two miles. The flight opens at 8am each day and navigation must start no later than 2pm to ensure that ascent or descent is completed by dark.

- Devizes Visitor Centre (01380 729408) has information about the town's medieval history with the Canal Visitor Centre at The Wharf for details more specific to the waterways. (01380 721279 / [www.katrust.org](http://www.katrust.org))
- Reward yourself after the strenuous rise studying the history of Wadworth & Co ([www.wadworth.co.uk](http://www.wadworth.co.uk)), local brewers who still make local deliveries with a shire horse team!

### Bradford on Avon / Bottom of Caen & return

P8 N7 L20 G1

> Hilperton ☾ 3 ☀ 4.5 📖 14

For an easy weekend to combine cruising and exploring, spend a day in Bradford and another cruising to the base of the Devizes flight. Perhaps use this as a 'taster' weekend to take a look at the impressive rise to Devizes, incorporating the notable Caen Hill Locks.

### Bath & return

P8 N7 L20 G1

> Hilperton ☾ 3/4 ☀ 4-6

📖 2 (east of Bath), 📖 14 (west of Bath)

The canal passes very close to the city centre and Bath is, without doubt, worthy of at least a couple of days of exploration. ([www.bath.co.uk](http://www.bath.co.uk))

- The medieval town of Bradford on Avon, just an hour from Hilperton, offers a very pleasant stopping point.
- The splendid Dundas and Avoncliff Aqueducts both take the canal over the River Avon as it follows the river valley between Bradford and Bath.
- Claverton's pumping station ([www.claverton.org](http://www.claverton.org)) and American Museum (01225 460503 / [www.americanmuseum.org](http://www.americanmuseum.org)) may be incongruous with each other but will certainly satisfy differing interests.

# Scotland, the Falkirk Wheel, Edinburgh

All routes are covered in Geo map 25 (see back cover).

The Scottish Lowland Canals are quite different from the canals typical of England and Wales. The Forth & Clyde is much wider than the average English canal. The Union Canal is a contour canal and has no locks at all nor bridges that have to be opened. British Waterways staff currently operate all of the locks and

boaters are not allowed to operate the locks themselves, although help is happily accepted. Between Falkirk and Glasgow there are 4 locks and 3 road bridges, with a further 18 locks and a number of pedestrian bridges between Glasgow and the Clyde at Bowling.

Both the Forth & Clyde and Union Canals were closed in the early 1960's and it was not until lottery funding was obtained in 1999 that restoration works rejoined the cities of Glasgow and Edinburgh by canal. At a quarter of the cost of the overall £84.5 million project, the Falkirk Wheel is the most significant structure by far, but only one link in the scheme involving rebuilding bridges, clearing blockages and cutting new stretches of canal. For more facts and figures visit ([www.thefalkirkwheel.co.uk](http://www.thefalkirkwheel.co.uk) / 01324 619888), but in summary the 25m level difference between the canals is traversed via a pair of gondolas which together carry 600 tonnes of water to the 100m aqueduct at the top of the 35m diameter wheel. (TIC 01324 620244 / [www.scottish.heartlands.org](http://www.scottish.heartlands.org))

## Bowling & return

G25 > Falkirk ☾ 7 ☀ 6 📖 48

The Forth & Clyde Canal follows the Clyde Estuary all the way down to the old ship building village of Bowling – a pleasant boating haven. The route has a rich mix of industry old and new, stunning views of the Clyde and relics of the ship building era.

## Glasgow & return

G25

> Falkirk 🌙 3-4 🌞 6.5-10 📖 8

Four evenly spaced locks after Bonnybridge take the canal up to the broad, straight section before Auchinstarry. The majestic Campsie Fells rise from the valley that the canal shares with the River Kelvin and the scenery is superb as the canal then follows contours for the rest of its journey to Glasgow.

- The canal arm south towards Applecross Street Basin in Glasgow looks down to where the River Kelvin winds from the university past the museums and botanical gardens.

- A major port with a shipping history back to the 18th century, Glasgow has a wealth of museums and collections.

- The art galleries and museums of Glasgow are never without examples by Charles Rennie Mackintosh - there is even a church designed by him in the city.

## Edinburgh & return

G25

> Falkirk 🌙 3-4 🌞 7.5-10 📖 6

Twice via the wheel

This cruise starts via the Falkirk Wheel and the new Rough Castle Tunnel, two new locks and a mile of new canal to join the original canal at the site of the summit of the flight of 11 locks that used to join the two canals.

- The stalactites and rock-hewn sections of the Falkirk tunnel, a treat for the budding geologist.

- Amongst the numerous minor aqueducts en route, three to note are the 12 arch, 85ft Avon Aqueduct and the Almond and Slateford Aqueducts, both at 75ft high.

- Beecraigs Country Park (01506 844516 / [www.beecraigs.com](http://www.beecraigs.com)) and the beautifully preserved remains of Linlithgow Palace on the shore of Linlithgow Loch (0131 668 8600 / [www.historic-scotland.net](http://www.historic-scotland.net)) are within easy reach of the canal.

(TIC 01506 844600)

- Edinburgh is packed with history and the canal entry to the city does not disappoint. The western suburbs are pleasant and spacious and the canal is well used by rowers and pleasure boaters as it nears the city centre. ([www.edinburgh.org.uk](http://www.edinburgh.org.uk))

## So much choice

We are sure that you will find amongst the following pages a boat to suit your own individual taste.

We believe that there are no better boats on the inland waterways and we hope by the end of your holiday that you too will be able to support that claim.

Your boat will be clean and serviced ready to hand over on your arrival – a floating holiday home of which you will feel proud.

### 1 Saloon

During the day it's a sitting room, dining room and play area, complete with a colour television (reception variable at canal level) DVD and CD/radio player - and at night some dinettes can be converted into a double bed.

**2 Stowage** You'll find plenty of lockers and hanging space.

**3 Water** We are one of the few fleets to provide pure filtered drinking water on all our boats. The 150 gallon tank will need to be topped up daily from waterpoints along the canal. (These are frequent and clearly marked.)

**4 The Galley** Boating can give you a splendid appetite, so the galleys are large and fitted with a full size cooker and fridge.

**5 Toilets** Very efficient and environmentally friendly, fresh water flushing toilets on all boats.

**6 Showers** Spacious showers with lots of hot water.

**7 Berths** All our boats have comfortable beds. We provide freshly laundered duvets and bedding.

**8 Engines** Reliable, quiet, smooth running diesel engines.

# Guide to Symbols

All of our boats have at least the following equipment provided free of charge:

- Central heating with radiators throughout the boat
- Fully equipped galley (See page 28) with 4-burner gas stove with grill and oven, refrigerator, sink and drainer, work surface and storage space
- Bathroom (2 on some boats) with toilet, shower, hand basin and 240 volt shaver socket
- All boats have colour television (reception variable at canal level), CD and DVD players
- Bedding
- Quiet water-cooled engine
- Fresh water tank with double filter system for drinking water

Standard items available on all boats:

The chart next to each boat description indicates the bases and start days for which boats in the class are available. Saturday and Sunday starts are for full weeks or more. Monday / Friday boats are available for either short breaks, weekly hire or 10/11 nights.

Anderton	✓		
Worcester	✓		

Additional items available on some boats:

**Buoyancy aids** Please request buoyancy aids (compulsory for children and non-swimmers) on arrival. We will ensure that one of the correct size is provided on request for any member of the crew needing one.

**Optional bunks** Some classes of boat have an optional bunk bed which provides greater layout flexibility. These beds are operated by the boat yard who will either lock it away or set it up for use if you have requested and paid for it.

**Cot sides** For that extra peace of mind with toddlers and younger children (where possible) – request on the booking form. If you would like to use a travel cot please contact the booking office.

**Towels** On Alvechurch, Red Line and Wessex boats a towel is provided for every member of the crew, plus a hand towel in each bathroom. For Viking Afloat you need to bring your own towels unless travelling from overseas.

## Choosing Your Boat

As part of our commitment to quality and as independent evidence of our very high standards. We have all of our boats inspected and graded annually by a Tourist Board Inspector, in line with the very strict criteria laid down.

As part of our commitment to safety all of our start bases have been independently audited by the British Marine Federation for the standard of boat handover and tuition.

### Electricity

All of our boats have 12 volt electricity, the batteries being charged whilst the engine is running to power items such as the fridge, TV, DVD, CD/ Radio, lights and cigar lighter socket.

#### 240 volt electricity

This symbol indicates that the boat has an inverter that supplies 240v electricity to certain appliances on the boat. This is suitable for the electrical items supplied, but may damage your own equipment. If you decide to use any of your own 240v appliances you do so at your own risk.

For charging mobile phones or camcorders we recommend you bring a 12 volt car type charger with you, for which there is a socket on every boat.

### Toilets

All of our boats are equipped with fresh water flush toilets which will, in most cases, last for a full week without need of pumping out (pump-outs are readily available at most boat yards for a small fee).

### Electric toilet

This symbol indicates the boat has the latest design of electrically operated toilets, which are comparable to a domestic toilet in terms of size and appearance. Please note that these are not suitable for the disposal of 'moist toilet wipes', quilted toilet paper or any other items.

### Cots

If you would like to use a travel cot or you are bringing your own to use please contact the booking office. Space is obviously limited and for health and safety reasons we can advise on suitable boats that they can be accommodated on.

*NB. Boats are individually hand crafted so layouts may vary on different boats within each class from the diagram shown. For specific advice on boat layouts contact the marina or booking office.*

All of our boats have been individually hand made in this country and have unique interiors with different styles. Here is a selection of cabins from boats across our fleets.

We operate 6 different classes of boat with a flexibility of design that allows a choice of berths to suit any group from 2 to 8 people. You will note that virtually every permanent cabin can be made up as

either a double or two single berths. You just need to tell us the layout you require and we will set the boat up in that configuration, with the appropriate bedding, for when you arrive. All the Viking Afloat boats have been Tourist Board rated at 4 stars when the saloon is not used as a berth at night.

# 2010 Short Breaks

Every year sees an increase in the demand for these popular short breaks. Some people like the idea of being able to try the holiday out for a few days before committing themselves to a week or longer, whilst others regularly take the opportunity to get away for a few days. Narrowboat holidays are the fastest way of slowing down and so what could be better than a leisurely three or four night break away, enjoying the countryside, relaxing and unwinding.

Because we have boats available for Friday and Monday starts, we can offer superb three night weekend breaks that conveniently start at 3.00pm on a Friday afternoon and finish at 9.30am on the following Monday. Or if you are looking for extra value for money, you could try our four night midweek breaks. These start on Monday at 3.00pm and finish on Friday at 9.30am. Since the price is the same as a weekend break, you effectively get the extra midweek night free! This can be an additional bonus to those of you that are committed to weekend activities, as you can enjoy a decent break away without losing a weekend. Short breaks are available from all of our bases and sample trips are outlined on the route pages 12-27.

## Pricing:

- For short break holidays starting on Monday and Friday, price as the nearest Saturday.
- The boat is ready fuelled for your holiday on arrival, but there is a fuel deposit payable with your holiday booking. This is £40 per short break as the cost of fuel is not included in the hire cost. When you return the boat to us the balance is refundable after deducting fuel used. However if you have used fuel in excess of the deposit you will be asked to pay the difference. We feel this is the fairest way possible as you only pay for what you use

# Conditions of Hire

## 1. Definitions

In these conditions and agreement:

'the Company' means ABC Leisure Group Limited and Subsidiaries who act as agents for Boat Owners.

'the Hirer' means the person or persons named on the booking confirmation. Where there is more than one Hirer they shall be individually responsible and liable under this agreement.

'the Boat Owner' means the person (corporate or otherwise) who owns the boat that is hired to the Hirer under the terms of these Conditions.

'the Conditions' means the conditions set out in this form

'the price' means the price for the booking set out in the booking confirmation

'the start date' means the date when the booking starts as set out in the booking confirmation

'the end date' means the date when the booking ends as set out in the booking confirmation

'the period of hire' means the period between the start date and the end date.

## 2. Booking Agreement

The parties acknowledge and agree that the Company is acting as the agent of the Boat Owner and is authorised to enter into contracts with Hirers on behalf of Boat Owners and to collect payment from Hirers and to otherwise manage the hiring of boats to Hirers.

A booking is a legally binding contract between the Hirer and the Boat Owner. Submission of a completed booking form is an offer by the Hirer and the booking agreement is made only if and when the Company gives a written boat hire confirmation. Telephone bookings do not create legal agreements and any offer by the Company to hold a reservation is not legally binding except where the booking deposit is authorised by the Hirer by credit card when acceptance by the Company shall create the booking agreement though the Hirer shall also complete a booking form.

The entire contract between the Boat Owner and the Hirer is contained in these Conditions and the booking form and to the extent permitted by law no representations, terms, warranty or condition expressed or implied shall be deemed to be or have been made or agreed or imported by reference to any other writing, advertisement or conversation. No agent, servant or representative of the Company has any right to alter or vary or waive any of these conditions. Nor is any such person authorised to undertake any liability whatsoever on behalf of the Boat Owner.

These conditions can only be varied with the written permission signed by a Director or the General Manager of the Company. The Hirer acknowledges that no statement or representation which may have been made by or on behalf of the Company or the Boat Owner induced the Hirer to enter into the contract and that any such statements or representations do not form part of the contract. Any liability of the Company or the Boat Owner and any remedy of the Hirer in respect of any such statement or representation is excluded save in so far as liability in respect of any particular statement or representation may not be excluded by law. In accepting a booking, the Company's and the Boat Owner's responsibility does not extend beyond the provision of the boat and in particular there is no warranty that any particular route will be available for navigation during the period of hire. Where more than one boat is booked on the same booking form each boat shall be deemed to be the subject of a separate contract. Bookings for optional extras are taken subject to availability on the start date.

## 3. Group Bookings, Age Limits and Unsuitable Hirers

The Hirer must be aged 21 years or over. Though there is no age limit for driving the boat, the Hirer warrants that whenever the boat is driven by a person aged under eighteen years they will always be under the close supervision of a competent adult. Where a boat is occupied by a group comprising mainly young persons, the Hirer warrants that at all times a responsible person aged more than 21 years will be in charge of the group. The Hirer must provide on the booking form full details of all persons in their party.

The Company or the Boat Owner may at their discretion cancel any booking made in contravention of this condition before or at the start date. In this event any money paid will be forfeit and any balance payment will remain due unless the Company is able to re-let. If the Company is able to re-let the Hirer will remain liable for 15% of the price to cover administration expenses.

The Company or the Boat Owner may at their discretion cancel the booking and refuse to hand over the boat to any person or group who in its opinion is not suitable to take charge on the grounds of infirmity, ill health, disability, suspected influence of alcohol or drugs or who have failed to demonstrate a reasonable standard of competence following appropriate instruction in boat handling. In this event the Company will refund all monies paid for boat hire and the contract shall be discharged without further liability on either party.

The Company or the Boat Owner may repossess the boat at any time if in the opinion of the Company or the Boat Owner the Hirer is unsuitable for the reasons given above or if the Hirer is not behaving responsibly or if the boat or any persons are at risk. In this event the Hirer shall remain liable to pay the hire price and no refund shall be due.

## 4. Cancellations and Changes

The agreement including the payment terms is a legally binding contract and may not be cancelled or amended except as provided in the Conditions. Should the Hirer wish to cancel or amend the booking they must advise the Company immediately by telephone and at the same time send written confirmation by Recorded Delivery post. The Company reserves the right to levy an administration charge of £40 for any alteration to a booking made by the hirer after it has issued a booking confirmation. In the event of a cancellation, the deposit will be forfeited and the hirer will pay the balance price on the due date. The Company may at its discretion waive the balance price if it is successful in re-letting the boat for the whole of the hire period minus CPP and 15% of the hire charge as an admin fee. It is therefore strongly recommended that the hirers protect themselves against cancellation liability by taking out cancellation protection. In the event of any claim being disallowed for any reason the hirer remains liable for the full hire charges. In the event of the operator being unable to re-book the boat the hirer will remain responsible for the full hire price unless covered by a cancellation protection scheme.

## 5. Hire Period, Collection and Return of Boat

The hire period is as shown in the booking confirmation. The Company will endeavour to have the boat ready for the Hirer by 3pm on the start date. The Hirer must notify the Company of any likely delay in arrival as soon as possible by fax or telephone. Before the Hirer departs with the boat the Company will give the Hirer such instructions, demonstrations and trials as it thinks fit and require the hirer to check and sign for the contents, inventory and Boat Acceptance. In the event that the boat is not available because of circumstances beyond the Company's or Boat Owner's control the Company may substitute a boat of similar accommodation but if no such boat is available the Company shall refund any payments made but shall not otherwise be liable and the contract shall be discharged. Substitution of a boat of similar accommodation will create a new contract between the Hirer and the Boat Owner of the new boat subject to all the terms set out

in these Conditions and the booking form.

The boat shall be returned to the Company's hire base and be vacated in a clean and tidy condition no later than 9.30am on the end date. Hirers are responsible for ensuring that their cruising schedule allows time for unforeseen contingencies so as to permit their return and vacation of the boat by the scheduled time. Breach of this condition will incur a minimum additional charge of £50 per hour or part thereof. In addition, the Hirer will be liable for any extra costs and/or damages incurred by the Company and or the Boat Owner as a result of the boat not being available on time for the next Hirer. Where the Boat Owner has to recover a boat and return it to the base, the Hirer shall be liable for all the costs involved.

Where operational circumstances make it necessary the Company reserves the right to require the boat to start from or return to a place other than its normal base of operation. In such circumstances the Company will where necessary provide transport to the original base.

## 6. Prices and Payment

Prices are inclusive of any V.A.T. which may be chargeable and are subject to any change in the V.A.T. rate prior to the settlement of the price in full. The booking confirmation and booking statement are not V.A.T. invoices.

Prices are in pounds sterling. The Hirer shall comply with the Company's instructions; otherwise the Hirer shall be liable for any loss or damage incurred.

## 11. Hirer's Property

Vehicles may be left in the Company's car parks at the owner's risk. The Company will be under no liability for any loss of or damage to vehicles or contents of the hirers or other peoples property on the boat or elsewhere or howsoever caused except by the Company's negligence or that of those for whom the Company is responsible. Hirers are particularly advised not to leave any valuable or portable items in the car.

The Company shall take such action as may be necessary to silence car alarms in the Company's car parks and to recover the costs from the Hirer.

## 12. Fuel

The boat is handed over ready fuelled but the cost of hire does not include the fuel consumed. A fuel deposit is payable 8 weeks before the start of your holiday. At the end of your holiday period the boat must be refuelled and any difference to the deposit paid will be refunded or charged.

The Boat Owner or the Company may make a fuel surcharge if there is any material increase of diesel or gas prices or duty.

Whilst water supply and moorings on the canals are normally free of charge, any costs incurred are the responsibility of the Hirer.

Where pump-outs are required to toilet tanks, the cost is the responsibility of the Hirer unless carried out at the Company's base.

## 13. Pets

Pets are allowed on the boat but must be put on the booking form, and must be paid for. Hirers must provide their own pet baskets or blankets. All pets must be properly house trained or caged as appropriate, must not be left unattended, and must not be allowed on bedding or chairs. Pets are not covered under the Company's insurance policy and the Hirer shall be liable for the cost of any damage or extra cleaning required.

## 14. Complaints

The Hirer shall check the boat its contents and equipment fully immediately after taking possession of the boat. In the unlikely event of any alleged deficiencies or shortcomings the Hirer must notify the Company before the boat leaves the boat yard. The Hirer shall sign the Boat Acceptance form before departure and thereafter the Hirer is completely responsible for the boat, its equipment and its operation until it is handed back to the Company at the end of the period of hire. Any shortcomings subsequently discovered shall immediately be notified to the Company by telephone in order to give the Company the opportunity to take any necessary remedial action. The Company and the Boat Owner shall not be liable in respect of any matter which is not so notified immediately and in any event shall not be liable in respect of any matter which is notified after the end of the hire period, as the boat may then have been taken over by another hirer and may not be available for inspection.

## 15. Exemption

The Company [and/or] the Boat Owner shall not be liable for any matters arising from any cause beyond the Company's [and/or] the Boat Owner's reasonable control or not due to the Company's [and/or] the Boat Owner's negligence or wilful default including (without limitation) death or personal injury of Hirers their crew and passengers, loss or damage to property, non-fulfilment or interruption of the booking or delays, breakdowns, mechanical problems, defects, damage, restrictions or obstructions, repairs or damage to waterways, non availability of routes, navigational works, storms, floods, droughts, ice, shortage of water or other weather conditions, rationing, shortage or non availability of fuel or in respect of any consequential loss, damage, expense, injury, or claim.

Hirers are recommended to take out personal holiday insurance cover.

## 16. Brochure

The specification of boats, their accommodation, facilities and equipment in the brochure is intended as a general guide but the Company [and/or] the Boat Owner shall not be liable in the event of any differences in the boat supplied and reserves the right to make modifications. Layout plans are for guidance only and are not to scale and may have steps which are not shown. If the hirer's party includes any infirm persons the Hirer should make relevant enquiries at the time of booking.

The Company and/or the Boat Owner reserve the right to change boat specifications without prior notice.

## 17. Disputes

Any dispute difference or question which may at any time arise out of the booking contract may be referred at the Company's sole discretion to a single arbitrator to be agreed between the parties or failing agreement to be nominated upon application of either party by the President of the Birmingham Law Society. The decision of such arbitrator (acting as an expert and not as an arbitrator) including any direction as to payment of fees and costs in the arbitration shall be binding on both parties.

## 18. Jurisdiction

The contract between the Boat Owner and the Hirer shall be deemed to have been made in England and shall be governed in all respects by English law. The Hirer shall submit to the jurisdiction of the English courts provided that the Company and the Boat Owner at their option may bring any legal proceedings against the Hirer from courts in any other country.

# Additional Charges Explained

## Accidental Damage Waiver (Compulsory)

The Accidental Damage Waiver Fee of £45 covers you in the event of damage, loss or accident to your boat or its inventory during your holiday. It is non-refundable and avoids the requirement for a damage deposit payment of £500 to cover the insurance excess pending any claims. There are certain exclusions:

- Any claims arising from excessive speed (the limit is 4mph)
- Damage arising from negligence, malicious or intentional damage to the boat, its inventory, third party property, the canal and its structures.
- Damage to the rudder, skeg or transmission due to contact with a lock cill.
- Return of the boat late and/or in an unclean condition.

## Cancellation Protection Plan (Required)

Once a deposit has been paid and a booking confirmed, a contract exists and you will be liable for the whole of the hire charge even if you are prevented from taking your holiday. The Company have arranged a Cancellation Protection Plan (CPP) to offer protection against this liability in certain circumstances.

The charge for the CPP is calculated at the rate of 4% of the hire charge payable. CPP payments are not refundable.

The fee is automatically added to the initial payment and will only be waived if:

- a) the whole cost of the holiday is paid on booking and written confirmation is received that you accept the risk of no refund if cancellation becomes necessary or
- b) if you have a cancellation insurance with cover that is comparable or exceeds our scheme, and can provide documentary evidence of such at the time of booking the holiday. Payments for the cancellation protection plan are not refundable.

Where any of the qualifying circumstances are met, all hire monies paid will be refunded less the CPP subscription fee and you will be absolved from liability for any balance of hire payment outstanding. The decision of The Company on all claims will be final.

- CPP only covers complete cancellation prior to the start of the holiday. It does not give a partial refund in the event of one or more persons being unable to take their place in the crew.
- Cover is only provided to those people detailed with names and addresses shown on the booking form.
- Any claim must be supported by suitable documentary evidence.
- Any claim must be made at the earliest opportunity by telephone and then be confirmed within seven days by Recorded Delivery Mail.

## Qualifying Circumstances

Death, injury, illness, pregnancy complications or confinement immediately prior to holiday commencement (certified in all cases by a qualified registered medical practitioner).

Death, injury, illness, pregnancy complications or confinement (certified in all cases by a qualified registered medical practitioner) of a near relative (husband, wife, father, mother, parent-in-law, sister, brother or child) or a close business associate of any named member of the party immediately prior to holiday commencement.

Jury or witness service (in a court of law), or redundancy (qualifying for payment under the Redundancy Payment Act 1965).

Fire, storm, flood, subsidence or malicious damage making the hirer's home uninhabitable.

Police requiring the hirer's presence following burglary at home or place of business.

Cancelled leave orders in respect of the U.K. police and military personnel.

Unforeseen occupational posting in respect of the hirer's present employment immediately prior to holiday commencement.

With the exception of maternity the above circumstances must occur after the holiday has been booked and the CPP fee paid.

## Credit Card Surcharge

Please note that a surcharge of 2% of the payment made will be applied if a credit card is used. If only part payment is made (e.g. deposit) by credit card and the remainder by an alternative method, the surcharge will only apply to the amount paid by credit card (overseas debit cards may also incur the 2% surcharge, please check with your card issuer to verify).

## Personal Holiday Insurance

We recommend that you take out personal holiday insurance as we only insure the boat which does not cover you or your personal possessions. If you would like details about personal holiday insurance please indicate on the booking form.

## Fuel

The boat is ready fuelled for your holiday on arrival, but there is a fuel deposit payable with your holiday booking. This is £75 per week and £40 per short break as the cost of fuel is not included in the hire cost. When you return the boat to us the balance is refundable after deducting fuel used. However if you have used fuel in excess of the deposit you will be asked to pay the difference.

## Pets

This really is a holiday the whole family can enjoy together. We charge £25 for each pet. We obviously request that the boat is returned in a clean and tidy condition and reserve the right to refuse pets or charge for any additional cleaning or repairs required as a result of pets being on board during your holiday.

## Optional Berths

Optional high level berths where available are £50 per week £25 per short break each. (See page 30 for more information.)

## Green Donation

A voluntary environmental charity donation see page 5 for further details.
